January Flashback!

January was a quick and busy time with students getting back into the swing of things after our holiday break! To sum up all the fun for this month, students enjoyed making bouncy balls with teacher Emily. Both teachers Sara and Maureen taught students how to make their very own vanilla ice cream in Ziploc bags. No bake or freezer required! How yummy was that? Making moon sand was also a hit with teacher Britta. What a way to begin 2019!

February

Dear Parents,

We are in high gear again and ready to take on the second semester. Even though February is the shortest month of the year we have a lot going on from creative activities to cookie decorating! It is the international month of friendship which we will honor with discussions, stories, and encouragement on how to show kindness to friends.

On Thursday, February 13th, our teachers will be acting as cupid and delivering personalized candy-grams to students. How this works: One candy gram costs \$1.00 CKC dollars. In CKC, students earn CKC dollars by helping a peer/teacher or simply by displaying positive behaviors such as respect, listening, caring, etc. What better way for students to spend their earned dollars? They can buy candy grams for their friends in CKC to thank them for their friendship!
